# Please Read Carefully

**If you do not read the following instructions  
you cannot make out an order intelligently**

**TO MAKE OUT YOUR ORDER** put everything down on the order blank, just as listed in the price list. Add it up, then figure out any special discounts or add on the extra bulbs of your choosing. It is all very simple but some people seem to have a lot of trouble in making out an order.

**ACKNOWLEDGEMENT OF ORDERS.** We write up every order and send an invoice as soon as possible after receiving the order. If you don't receive an acknowledgement within a few days or in the spring within ten days or so drop us a line. This invoice is the only invoice we send out except a copy which goes with the order. Keep these invoices for future reference.

**EXTRAS ON CASH ORDERS.** On cash orders of \$3.00 to \$5.00 you can select 10% extra in bulbs of your own choosing. From \$5.00 to \$25.00 select 15%, \$25.00 to \$50.00 and up select 20%. These Discounts do not apply to Collections, Special Offers or Wholesale Prices or New Introductions, or those marked "No Discount."

**VARIETIES MARKED "NO DISCOUNT" CAN NOT BE USED AS EXTRAS. ALSO NEW INTRODUCTIONS OF THIS YEAR.**

**Discounts apply to gladiolus only and not to other articles listed.**

The above discounts and extras are all for cash orders. The earlier the orders are received and the larger they are the more generous we will be with our extras. If you cannot spare all the cash now send 25% and the balance later and we will see that you are satisfied. **But the above extras are only for cash before shipment.**

On cash orders of \$12.00 or more, for bulbs, I will give a copy of the "Gladiolus Book" by Rockwell if you ask for it and if you have not already had one. Or for \$1.00 extra will send you the new Gladiolus book by McLean which sells for \$2.00. This is much more up to date than the Rockwell book.

Packages of bulblets run from fifty to seventy-five or more. We give very good value.

You can have 3 or more bulbs at the 10 rate, 25 at the 100 rate. But no single items for less than twenty-five cents except as listed.

**Please do not send us orders of under \$2.00 as we lose money on them. I do usually fill such orders from regular customers as an accommodation but they cost us more than we get for them. On retail orders of under \$2.00 please enclose 15 cents for postage and handling.**

Do not split quantities as listed. Where a variety is listed at 2 for 25 cents or 4 for 25 cents do not order 1 or 2 at a lower price. There is no profit in any items of less than twenty cents and very little at that price. **No single item accepted for less than twenty-five cents except as noted in price list.**

**CERTAIN VARIETIES** because of their being new introductions of this year or because I am simply listing them for another grower or for some other reason I have marked "no discount." We do not give any discount whatever on introductions of the current year and there are no discounts on patented varieties and a few others. These are marked in the price list.

**The varieties marked "no discount" cannot be used as extras as either they are very limited in quantity or I am listing them for other growers at a nominal commission.**

**I GUARANTEE SATISFACTION**, and I mean just that. If at any time, either after receiving the bulbs or after blooming, you have cause for complaint just write me about it and I will do my utmost to make things right. This is the only basis on which anyone can hope to conduct a business that will be permanently successful.

At these prices all bulbs, except the wholesale offers, are prepaid anywhere in the United States or Canada.

**REMEMBER** in buying bulbs, price is not everything. In fact sometimes the price is a minor item. Consider the quality, count, the reliability of the grower, etc. I always mean to put in enough extra count or over size to make up for any lower price that other good reliable growers might make. **Just leave it to me.**

**IF YOU WANT TO PAY TRANSPORTATION** and get extra count on your order just mention it and I will send your order collect for postage or express and will see that you are more than satisfied. Just mention whether you want extra count on your order or extras in other kinds and what kinds. If you want wholesale orders sent by mail it is better to let us send them C.O.D. for the postage, then we know the postage is correct. **People who send stamps or cash for the postage seldom send enough. Wholesale orders go collect always.**

On wholesale orders do not ask us to prepay the carrying charges and take out enough bulbs to offset the express or parcel-post. This disrupts the whole office routine and makes us a lot of extra work. On wholesale orders which are not prepaid let us send them C.O.D. for the postage or express collect but no C.O.D. for the order itself. We do not ship C.O.D. for the bulbs without a deposit.

**ON FAIR SIZED ORDERS, EXPRESS** is safest and best especially in the winter time; I advise express if you are situated so as to get free delivery by the express company.

**C.O.D. ORDERS**—Please do not ask us to send an order C.O.D. without your making a deposit on it. If it is a small order we shall have to ask for a deposit of at least a dollar. Larger C.O.D. orders should be accompanied by 25% of the value. We cannot send out any more C.O.D. orders without at least some deposit.

**EXTRAS.** It is the practice of most growers to give extras on orders I always put in some myself. So it will help me if you will mention whether you want extras of the same varieties that you order or in other kinds. And if you have a preference it will help me still more if you can name the varieties in which you want your extras and if you want large, medium or small bulbs or bulblets. Just give us a list of varieties from which to select your extras. We will put in what we think the order rates.

**PLEASE** give me a list from which to select your extras. Extras are given for orders from the retail list—not from the wholesale though I usually put in something new to try anyway.

**SPECIAL QUOTATIONS.** Don't ask us for special quotations on anything this year. There is going to be a tremendous demand for bulbs and a great shortage, especially of large sizes. The large commercial growers have picked up large quantities of bulbs for cut flower growing and this year it will be a case of getting the bulbs at any price.

**WHEN CORRESPONDING ABOUT A PREVIOUS ORDER, PLEASE GIVE ORDER NUMBER. IT SAVES US A LOT OF TIME.**

**F.O.B. ITEMS.** When an order contains both F.O.B. items and retail items unless you give instructions to the contrary we ship them all together in one package F.O.B. but put in extra count and enough extras to more than offset the carrying charges on the retail items. If the order is large and you want the two different classes shipped separate we can do that if you ask us to, but many orders contain both retail and wholesale items and it is usually simpler to send them all together.

**ORDER EARLY.** Though we have a lot of bulbs and a fine selection we are bound to get sold out of some kinds later, and these are always the kinds that people want. So to be sure of getting the varieties that you have been planning on getting, send in your orders as soon as possible.

**AIR MAIL.** If living at a distance use air mail if you are in a hurry. We will get the order so much sooner and will often save days in time. **Do not send letters by special delivery.** We get regular mail quicker.

**RUSH ORDERS.** We always do our best to get out rush orders as soon as possible but this year it is going to be more difficult because of labor shortage. So don't get too impatient if you don't receive your order quite so soon as you want it. We shall do our best to get out all orders right on tick.

If you are unknown to us and want a rush order be sure to send a certified check or money order along with the order of bulbs. We got caught one too many times by a rush order accompanied by a rubber check.

**CREDIT.** Please don't ask us for credit. Due to labor shortage and other causes we have had to discontinue all credit business except with a few old customers who have had credit with us for years. This year we have got to do business with the least amount of office work possible.

**CORRESPONDENCE.** Though we want to help everyone we can with information about growing glads we have to keep our correspondence down as low as possible, due to shortage of office help. We send out an instruction sheet which answers almost every question about growing glads and also we give information about varieties and other things in the catalogue yet every year we receive hundreds of letters asking questions that are already answered in either the catalogue or instruction sheet. Please help us to carry on in these difficult war times.

### BULBS FOR CANADA

# Special Collections and Sets

The following 5 collections are just the thing for those who don't care to keep the names of the varieties separate, but do want a nice garden of glads. I sell thousands of these collections every year and have a great many fine reports on them. If these bulbs were sold separately under name they would cost several times the price asked as collections.

**No. 1. UNLABELED COLLECTION.** 100 assorted large bulbs (1¼ inch up) in at least 40 varieties in about every shade in gladiolus. I have sold this collection for years and have thousands of very well pleased customers. I **positively guarantee there is not a better collection sold by any grower in the country for anywhere near the price.** I get many repeat orders every year from well pleased customers. 100 for \$5.00, 50 for \$2.50, 25 for \$1.50, all prepaid. With each 100 bulbs of this collection I will put in FREE 1 large Blessed Damosel bulb. This is a very unusual and beautiful variety.

**No. 1a. SAME COLLECTION IN MEDIUM SIZE BULBS.** 100 bulbs for \$3.00, 50 for \$1.50. With 100 bulbs will give 1 Medium Blessed Damosel.

**No. 1b. THE SAME COLLECTION IN SMALL BULBS.** 100 bulbs for \$1.50. These may not all bloom the first year, but most of them should and all should make nice large bulbs for the next year.

**No. 2. UNLABELED COLLECTION.** 100 assorted as above containing 40 varieties and including many of the newer and higher priced ones. A wonderful collection at a moderate price. 100 for \$7.50, 50 for \$4.00, 25 for \$2.00.

**No. 3. UNLABELED COLLECTION DE LUXE.** 45 or more varieties, many of them being exhibition sorts and worth several times the price asked. Real aristocrats in gladiolus. Nothing better to be had in an unlabeled collection. 100 for \$10.00, 50 for \$5.00, 25 for \$3.00.

**NONE OF THE ABOVE COLLECTIONS ARE LABELED AS TO VARIETIES.** Don't ask us to give you the names of the varieties in the collections as we positively do not do it at these prices. If you want them labeled, buy them under name. I guarantee the collections to be the best you can buy for the price.

## No. 4. 60 cent Long Season Specials

To have blooms of a certain variety over a long period I want to especially recommend the following collections. These consist of various sizes of bulbs of each variety. There are usually one or more large bulbs, some medium and some small. If you are not in the habit of buying medium or small bulbs you will be amazed at the fine blooms you will get from these. And if there is a particular variety that you especially like you can have blooms of this variety over a much longer period than you could if you planted all one size.

I can't give you the exact number of bulbs that you will receive in each lot because the varieties vary somewhat in price and I have a much larger stock of some kinds than of others but you may be assured that you will get big value. **Leave it to me.** We put in more medium and small than large bulbs.

**Remember each 60 cent special is only one variety and not an assortment of several varieties or of all of them.** Each special consists of various sizes of just **one variety.** Select as many as you wish. But remember they are 60 cents for each one.

Any five lots for \$2.75. Any ten lots for \$5.25 or any fifteen for \$7.50. In addition to this if you buy several lots I will put in something good for you to try out.

## My Stock of Bulbs

This year my bulbs as a whole are the nicest and cleanest I have had in years. Thanks to a good growing season and dry weather at digging time. Also I dipped my bulbs in New Improved Ceresan. This is considered one of the best preparations to dip bulbs in to help prevent disease. It will not kill thrips so you have to get rid of thrips in some other way. But Ceresan is worth trying. It is not easily obtainable but I think some of the large seed houses have it.

Last year due to bad weather at digging time and delay in getting the bulbs cured some varieties that are inclined to be weak were not quite so good as they should have been. But this year most everything is nice and clean.

Anyone can cut prices, but it takes brains and skill to produce a better article.

## Labels

Everyone who grows bulbs under name will want labels. There are many different kinds on the market but I think the best cheap label is a painted wooden one. However, in using the wooden labels they really should have a coat of varnish after the name is written, otherwise the paint will weather off taking the name with it.

Prices are as follows, and subject to change without notice.

**WIRED TREE LABELS.**  $3\frac{1}{2} \times \frac{5}{8}$  inch iron wired. 50 for 35 cents. 55 cents per 100 and 500 for \$2.50, 1,000 for \$4.50.

### GARDEN LABELS

6 x  $\frac{5}{8}$ " Same price as tree labels.

8 x  $\frac{3}{4}$ " 25 for 25 cts, 100 for \$1.

10 x  $\frac{3}{4}$ " 25 for 30 cts, 100 for \$1.30

12 x  $\frac{1}{8}$ " 25 for 50 cts, 100 for \$1.80

# PURE VERMONT MAPLE SYRUP

Griddlecakes or Waffles and Syrup. Um! Um!

If you have never eaten the pure unadulterated Vermont Syrup you don't know what you have missed. The black blended concoctions sold throughout the country as Maple Syrup are not to be compared with the real Vermont Syrup. Then a lot of Vermont Maple products are not of good quality. I am a connoisseur of good syrup and send out only the best grade such as I would eat myself.

Maple Syrup may be pure in the sense that it is not adulterated, but it may be terrible stuff just the same. High grade Maple Syrup should be light in color, have a very distinctive pleasant maple taste, should weigh eleven (11) pounds to the gallon and should be tested for lead and must be lead free, all of which standards my syrup meets. Many people in other parts of the country think that light maple syrup is adulterated. This is not correct. If syrup is dark colored, it is because of unclean utensils or improper methods of making. To produce first class syrup, everything must be absolutely clean, and the sap must be boiled promptly and the syrup must be strained to remove what we call maple sand. You will find none of this in my syrup. Don't be misled by low priced syrup as there are innumerable grades, and even though you may save a few cents on the price, you may get a very inferior article.

The demand for maple syrup this past year has been much greater than ever before. But I do still have a small supply. When this is gone there will be no more till next April or May and I doubt very much that I shall carry it next season. Due to conditions imposed upon the industry by the OPA there is a flourishing black market in maple syrup so that it is difficult to get good quality and very little profit in it. I may possibly have a very small amount for some of my old customers but don't think I shall handle it in quantity as before. So better order at once before the present supply is gone.

## PRICES—SET BY THE O. P. A.

1 Gallon	\$3.74	1 Quart \$1.04 (not less than 2 qts. sold to an order.)
Case of 12 ½ Pints	\$3.64	
Case of 12 Pints	\$6.36	

Prices are F. O. B. Burlington. A gallon can be sent as far south as Virginia for 46 cents and to the West Coast for \$1.32. The Express companies make a special rate on Maple products. Parcel Post costs much more. A gallon of syrup weighs 13 lbs. packed for shipment. Do not send us the money for express. We will ship express collect. It costs no more and we can ship with less work. Every minute of labor counts this year.

Due to war conditions and rough handling that packages sometimes receive we advise you to pay for an extra packing charge so that we can give each package extra packing to help insure safe delivery. This charge is 10c for each gallon and for two quarts and 15c for each case of pints or one-half pints. If you do not send money for this extra packing we will ship in the regular way.
